SUMMARY

Dedicated and accomplished Bachelor of Science in Computer Science graduate with a strong foundation in data management and analysis. Proficient in various programming languages and experienced in developing software solutions. Detail-oriented and organized, with a proven track record of successfully executing administrative tasks. Skilled in utilizing statistical programs and data collection tools to gather and interpret information. Committed to staying updated with the latest technological advancements and continuously enhancing skills. As a recent Computer Science graduate, I am eager to leverage my skills and knowledge to contribute to innovative projects and collaborate with multidisciplinary teams. My passion for technology, strong analytical abilities, and dedication to continuous learning make me a valuable asset in any data-driven environment.
